

THE ADVISORS' INNER CIRCLE FUND

LSV

Conservative Value Equity Fund

ANNUAL REPORT TO SHAREHOLDERS

October 31, 2017

This information must be preceded or accompanied by a current prospectus. Investors should read the prospectus carefully before investing.

MANAGER’S DISCUSSION AND ANALYSIS OF FUND PERFORMANCE
(Unaudited)

The total net of fee return of the LSV Conservative Value Equity Fund, Institutional Class Shares, and the Russell 1000 Value Index (the “Benchmark”) for trailing periods ended October 31, 2017, were as follows:

	12 Months Ended 10/31/17	3 Years Ended 10/31/17*	5 Years Ended 10/31/17*	7 Years Ended 10/31/17*	10 Years Ended 10/31/17*	Since Inception*
LSV Conservative Value Equity Fund, Institutional Class Shares	21.31%	8.11%	14.51%	13.04%	5.87%	5.81%
Benchmark:						
Russell 1000 Value Index	17.78	7.99	13.48	12.88	5.99	6.10

**Periods longer than one year are annualized; inception date is March 30, 2007; net of fees*

Institutional Class Shares performance as of 9/30/17: 18.96% (1 year), 8.23% (3 year), 14.07% (5 year), 5.66% (10 year) and 5.72% (Annualized Since Inception). The performance data quoted represents past performance. Past performance does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor’s shares when redeemed, may be worth more or less than their original cost and current performance may be lower or higher than the performance quoted. For performance data current to the most recent month end, please call 888-FUND-LSV (888-386-3578).

The U.S equity market as represented by the S&P 500 finished up 23.63% for the twelve months ended October 31, 2017. Value stocks broadly underperformed across all market capitalization segments based on the Russell Indices—The Russell 1000 Value Index gained 17.78% while the Russell 1000 Growth Index was up 29.71%. The LSV Conservative Value Equity Fund, Institutional Class Shares (the “Fund”) advanced 21.31%. Equity markets surged following the Presidential elections in November 2016 and have been broadly supported by strong economic data and improved corporate earnings. In 2017, U.S. GDP growth advanced 3.1% in second quarter and 3.0% (preliminary) in third quarter, both exceeding market expectations after advancing just 1.4% in the first quarter. In monetary policy news, the Federal Reserve raised interest rates in December, March and June, as they began to unwind their \$4.5 trillion balance sheet. From a sector perspective, cyclical sectors generally outperformed while more defensive segments of the market lagged.

Despite the underperformance of value, the Fund was able to outperform over the period. Our comprehensive definition of value contributed to the strong results relative to the value benchmark. We define value stocks as those that are cheap on multiple measures of valuation including cash flow, earnings, book value and dividend yield. While stocks that were cheap on book value generally lagged over the last twelve months, stocks that were cheap on cash flow and earnings, which we favor, performed well among large cap stocks. Performance attribution indicates that both stock selection and sector selection contributed to the Fund’s relative outperformance. From a stock selection perspective, deeper value stocks within Industrials and Financials sectors performed particularly well and our holdings outperformed. From a sector perspective, the bulk of the excess return contribution came from our overweight position in Financials and underweight to Energy stocks. Top individual contributors included our underweight to General Electric, not holding Walgreens and Allergan as well as overweights to Boeing, LAM Research and Apple. Main individual detractors included not holding Abbott Labs as well as overweights to Qualcomm, World Fuel Services Corp, Kroger, Foot Locker, and Bed Bath & Beyond.

The Fund continues to trade at a significant discount to the overall market as well as to the value benchmark. The Fund is trading at 14.1x forward earnings compared to 17.3x for the Benchmark, 1.9x book compared to 2.0x for the Benchmark and 9.1x cash flow compared to 11.2x for the Benchmark. The portfolio is yielding 2.5%. Sector weightings are a result of our bottom-up stock selection process, subject to constraints at the sector and industry levels. The Fund is currently overweight the Financials and Information Technology sectors while underweight Energy and Real Estate.

Our organization remains stable and our research team continues to pursue an active research agenda in which we are looking for better ways to measure value and identify signs of positive change. As always, we are focused

MANAGER'S DISCUSSION AND ANALYSIS OF FUND PERFORMANCE
(Unaudited)

on delivering the long-term results that our investors have come to expect from LSV and that we have delivered for clients since 1994.

This material represents the manager's assessment of the portfolio and market environment at a specific point in time and should not be relied upon by the reader as research or investment advice. Investing involves risk including loss of principal. The information provided herein represents the opinion of the manager and is not intended to be a forecast of future events, a guarantee of future results or investment advice.

Forward earnings is not a forecast of the Fund's future performance. Investing involves risk, including possible loss of principal.

The Russell 1000 Value Index is a widely-recognized, capitalization-weighted (companies with larger market capitalizations have more influence than those with smaller market capitalization) index of U.S. companies with lower forecasted growth rates and price-to-book ratios.

The S&P 500 Index consists of 500 stocks chosen for market size, liquidity, and industry group representation. It is a market-value weighted index (stock price times number of shares outstanding), with each stock's weight in the Index proportionate to its market value. The S&P 500 Index is one of the most widely used benchmarks of U.S. equity performance.

Index Returns are for illustrative purposes only and do not represent actual fund performance. Index performance returns do not reflect any manage fees, transaction costs or expenses. Indexes are unmanaged and one cannot invest directly in an index. Past performance does not guarantee future results.

**Comparison of Change in the Value of a \$10,000 Investment in the
LSV Conservative Value Equity Fund versus the Russell 1000 Value Index (unaudited)**

	Average Annual Total Return for the period ended October 31, 2017				
	One Year Return	Three Year Return	Five Year Return	Ten Year Return	Annualized Inception to Date ⁽¹⁾
LSV Conservative Value Equity Fund, Institutional Class Shares	21.31%	8.11%	14.51%	5.87%	5.81%
LSV Conservative Value Equity Fund, Investor Class Shares ⁽²⁾	20.92%	7.82%	14.22%	5.66%	5.60%
Russell 1000 Value Index	17.78%	7.99%	13.48%	5.99%	6.10%

* The graph is based on only the Institutional Class Shares; performance for Investor Class Shares would be different due to differences in fee structures.

(1) The LSV Conservative Value Equity Fund commenced operations on March 30, 2007.

(2) Investor Class Shares commenced operations on June 10, 2014. Investor Class Shares' performance for periods prior to June 10, 2014 is that of the Institutional Class Shares. The Institutional Class Shares' performance was adjusted to reflect the 12b-1 fees applicable to the Investor Class Shares.

The performance data quoted herein represents past performance and the return and value of an investment in the Fund will fluctuate so that, when redeemed, may be worth less than its original cost. Past performance does not guarantee future results. The Fund's performance assumes the reinvestment of all dividends and all capital gains. Index returns assume reinvestment of dividends and, unlike a fund's returns, do not reflect any fees or expenses. If such fees and expenses were included in the Index returns, the performance would have been lower. Please note that one cannot invest directly in an unmanaged index. Fee waivers were in effect. If they had not been in effect, performance would have been lower.

Returns shown do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

See definition of comparative indices on page 2.

* Commenced operations on June 10, 2014. All ratios for the period have been annualized.

(1) Per share calculations were performed using average shares for the period.

† Total return is for the period indicated and has not been annualized. Total return would have been lower had the Adviser not waived a portion of its fee. Total returns shown do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

‡ Portfolio turnover rate is for the period indicated and has not been annualized.

Amounts designated as “—” are \$0 or have been rounded to \$0.

The accompanying notes are an integral part of the financial statements

Notes to Financial Statements

October 31, 2017

1. Organization:

The Advisors' Inner Circle Fund (the "Trust") is organized as a Massachusetts business trust under an Amended and Restated Agreement and Declaration of Trust dated February 18, 1997. The Trust is registered under the Investment Company Act of 1940, as amended, as an open-end management investment company with 53 funds. The financial statements herein are those of the LSV Conservative Value Equity Fund, a diversified Fund (the "Fund"). The Fund seeks long-term growth of capital by investing in undervalued stocks of medium to large U.S. companies which are out of favor in the market. The financial statements of the remaining funds of the Trust are not presented herein, but are presented separately. The assets of each fund are segregated, and a shareholder's interest is limited to the fund in which shares are held.

2. Significant Accounting Policies:

The following is a summary of the significant accounting policies followed by the Fund. The Fund is an investment company in conformity with U.S. generally accepted accounting principles ("U.S. GAAP"). Therefore, the Fund follows the accounting and reporting guidelines for investment companies.

Use of Estimates — The preparation of financial statements, in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the fair value of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates and such differences could be material.

Security Valuation — Securities listed on a securities exchange, market or automated quotation system for which quotations are readily available (except for securities traded on NASDAQ), including securities traded over the counter, are valued at the last quoted sale price on an exchange or market (foreign or domestic) on which they are traded on the valuation date (or at approximately 4:00 pm ET if a security's primary exchange is normally open at that time), or, if there is no such reported sale on the valuation date, at the most recent quoted bid price. For securities traded on NASDAQ, the NASDAQ Official Closing Price will be used. The prices for foreign securities are reported in local currency and converted to U.S. dollars using currency exchange rates.

Securities for which market prices are not "readily available" are valued in accordance with Fair Value

Procedures established by the Fund's Board of Trustees (the "Board"). The Fund's Fair Value Procedures are implemented through a Fair Value Committee (the "Committee") designated by the Board. Some of the more common reasons that may necessitate that a security be valued using Fair Value Procedures include: the security's trading has been halted or suspended; the security has been de-listed from a national exchange; the security's primary trading market is temporarily closed at a time when under normal conditions it would be open; the security has not been traded for an extended period of time; the security's primary pricing source is not able or willing to provide a price; or trading of the security is subject to local government-imposed restrictions. When a security is valued in accordance with the Fair Value Procedures, the Committee will determine the value after taking into consideration relevant information reasonably available to the Committee. At October 31, 2017, there were no securities valued in accordance with the Fair Value procedures.

In accordance with the authoritative guidance on fair value measurements and disclosure under U.S. GAAP, the Fund discloses fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 — Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that the Fund has the ability to access at the measurement date;

Level 2 — Other significant observable inputs (includes quoted prices for similar securities, interest rates, prepayment speeds, credit risk, referenced indices, quoted prices in inactive markets, adjusted quoted prices in active markets, etc.); and

Level 3 — Prices, inputs or proprietary modeling techniques which are both significant to the fair value measurement and unobservable (supported by little or no market activity).

Investments are classified within the level of the lowest significant input considered in determining fair

Notes to Financial Statements

October 31, 2017

value. Investments classified within Level 3 whose fair value measurement considers several inputs may include Level 1 or Level 2 inputs as components of the overall fair value measurement.

For the year ended October 31, 2017, there have been no significant changes to the Fund's fair valuation methodologies.

Federal Income Taxes — It is the Fund's intention to continue to qualify as a regulated investment company for Federal income tax purposes by complying with the appropriate provisions of Subchapter M of the Internal Revenue Code of 1986 as amended and to distribute substantially all of its income to its shareholders. Accordingly, no provision for Federal income taxes has been made in the financial statements.

The Fund evaluates tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether it is "more-likely-than-not" (i.e., greater than 50-percent) that each tax position will be sustained upon examination by a taxing authority based on the technical merits of the position. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. The Fund did not record any tax provision in the current period. However, management's conclusions regarding tax positions taken may be subject to review and adjustment at a later date based on factors including, but not limited to, examination by tax authorities on open tax years (i.e. the last three open tax year ends, as applicable), on-going analysis of and changes to tax laws, regulations and interpretations thereof.

As of and during the year ended October 31, 2017, the Fund did not have a liability for any unrecognized tax benefits. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations. During the year ended October 31, 2017, the Fund did not incur any interest or penalties.

Security Transactions and Investment Income— Security transactions are accounted for on trade date for financial reporting purposes. Costs used in determining realized gains or losses on the sale of investment securities are based on the specific identification method. Dividend income is recorded on the ex-dividend date. Interest income is recognized on the accrual basis from settlement date.

Investments in Real Estate Investment Trusts (REITs) — With respect to the Fund, dividend

income is recorded based on the income included in distributions received from the REIT investments using published REIT reclassifications including some management estimates when actual amounts are not available. Distributions received in excess of this estimated amount are recorded as a reduction of the cost of investments or reclassified to capital gains. The actual amounts of income, return of capital, and capital gains are only determined by each REIT after its fiscal year-end, and may differ from the estimated amounts.

Repurchase Agreements—In connection with transactions involving repurchase agreements, a third party custodian bank takes possession of the underlying securities ("collateral"), the value of which exceeds the principal amount of the repurchase transaction, including accrued interest. Such collateral will be cash, debt securities issued or guaranteed by the U.S. Government, securities that at the time the repurchase agreement is entered into are rated in the highest category by a nationally recognized statistical rating organization ("NRSRO") or unrated category by an NRSRO, as determined by the Adviser. Provisions of the repurchase agreements and procedures adopted by the Board require that the market value of the collateral, including accrued interest thereon, is sufficient in the event of default by the counterparty. In the event of default on the obligation to repurchase, the Fund has the right to liquidate the collateral and apply the proceeds in satisfaction of the obligation. In the event of default or bankruptcy by the counterparty to the agreement, realization and/or retention of the collateral or proceeds may be subject to legal proceedings.

Repurchase agreements are entered into by the Fund under Master Repurchase Agreements ("MRA") which permit the Fund, under certain circumstances including an event of default (such as bankruptcy or insolvency), to offset payables and/or receivables under the MRA with collateral held and/or posted to the counterparty and create one single net payment due to or from the Fund.

At October 31, 2017, the open repurchase agreements by counterparty which are subject to a MRA on a net payment basis are as follows (000):

Counterparty	Repurchase Agreement	Fair Value of Non-Cash Collateral Received ⁽¹⁾	Cash Collateral Received ⁽¹⁾	Net Amount ⁽²⁾
Morgan Stanley	\$ 1,363	\$ 1,363	\$ —	\$ —

(1) The amount of collateral reflected in the table does not include any over-collateralization received by the Fund.

Notes to Financial Statements

October 31, 2017

(2) Net amount represents the net amount receivable due from the counterparty in the event of default.

Expenses— Expenses that are directly related to the Fund are charged to the Fund. Other operating expenses of the Trust are prorated to the Fund based on the number of funds and/or relative daily net assets.

Classes— Class specific expenses are borne by that class of shares. Income, realized and unrealized gains and losses and non-class specific expenses are allocated to the respective class on the basis of relative daily net assets.

Dividends and Distributions to Shareholders— Dividends from net investment income, if any, are declared and paid to shareholders annually. Any net realized capital gains are distributed to shareholders at least annually.

3. Transactions with Affiliates:

Certain officers of the Trust are also employees of SEI Investments Global Funds Services (the “Administrator”), a wholly owned subsidiary of SEI Investments Company and/or SEI Investments Distribution Co. (the “Distributor”). Such officers are paid no fees by the Trust for serving as officers of the Trust other than the Chief Compliance Officer (“CCO”) as described below.

A portion of the services provided by the CCO and his staff, whom are employees of the Administrator, are paid for by the Trust as incurred. The services include regulatory oversight of the Trust’s Advisors and service providers as required by SEC regulations. The CCO’s services have been approved by and reviewed by the Board.

4. Administration, Distribution, Shareholder Servicing, Transfer Agent and Custodian Agreements:

The Fund, along with other series of the Trust advised by LSV Asset Management (the “Adviser”), and the Administrator are parties to an Administration Agreement, under which the Administrator provides administrative services to the Fund. For these services, the Administrator is paid an asset based fee, subject to certain minimums, which will vary depending on the number of share classes and the average daily net assets of the Fund. For the year ended October 31, 2017, the Fund paid \$64,099 for these services.

The Trust and Distributor are parties to a Distribution Agreement dated November 14, 1991, as Amended and Restated November 14, 2005. The Distributor receives no fees for its distribution services under this agreement.

The Fund has adopted a distribution plan under the Rule 12b-1 under the 1940 Act for Investor Class Shares

that allows the Fund to pay distribution and service fees for the sale and distribution of its shares, and for services provided to shareholders. The maximum annual distribution fee for Investor Class Shares of the Fund is 0.25% annually of the average daily net assets. For the year ended October 31, 2017, the Fund incurred \$217 of distribution fees.

DST Systems, Inc. serves as the transfer agent and dividend disbursing agent for the Fund under a transfer agency agreement with the Trust. During the year ended October 31, 2017, the Fund earned \$25 in cash management credits which were used to offset transfer agent expenses. This amount is labeled as “Fees Paid Indirectly” on the Statement of Operations.

U.S. Bank, N.A. acts as custodian (the “Custodian”) for the Fund. The Custodian plays no role in determining the investment policies of the Fund or which securities are to be purchased and sold by the Fund.

5. Investment Advisory Agreement:

The Trust and the Adviser are parties to an Investment Advisory Agreement under which the Adviser receives an annual fee equal to 0.38% of the Fund’s average daily net assets. The Adviser has contractually agreed to waive its fee (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses, and extraordinary expenses) in order to limit the Fund’s total operating expenses after fee waivers and/or expense reimbursements to a maximum of 0.35% and 0.60% of the Fund’s Institutional Class and Investor Class Shares’ average daily net assets, respectively, through February 28, 2018.

6. Investment Transactions:

The cost of security purchases and the proceeds from security sales, other than short-term investments, for the year ended October 31, 2017, were as follows (000):

Purchases	\$	25,612
Sales	\$	19,523

7. Federal Tax Information:

The amount and character of income and capital gain distributions to be paid, if any, are determined in accordance with Federal income tax regulations, which may differ from U.S. GAAP. As a result, net investment income (loss) and net realized gain (loss) on investment transactions for a reporting period may differ significantly from distributions during such period. These book/tax differences may be temporary or permanent. To the extent these differences are permanent in nature, they are charged or credited to undistributed net investment income (loss), accumulated net realized gain (loss) or

Notes to Financial Statements

October 31, 2017

to paid-in-capital, as appropriate, in the period that the differences arise.

Accordingly, the following permanent differences, primarily attributable to expiration of loss carryforwards and investments in REITs have been reclassified to (from) the following accounts (000):

<u>Undistributed Net Investment Income (Loss)</u>	<u>Accumulated Realized Gain (Loss)</u>	<u>Paid in Capital</u>
\$ 21	\$ 4,437	\$ (4,458)

These reclassifications have no impact on net assets or net asset value per share.

The tax character of dividends and distributions declared during the years ended October 31, 2017 and 2016 was as follows:

	<u>Ordinary Income</u>
2017	\$ 2,350
2016	2,079

As of October 31, 2017, the components of distributable earnings on a tax basis were as follows (000):

Undistributed Ordinary Income	\$ 1,896
Capital Loss Carryforward	(4,248)
Other Temporary Differences	(2)
Unrealized Appreciation	24,824
Total Distributable Earnings	<u>\$ 22,470</u>

For Federal income tax purposes, capital losses incurred in taxable years beginning before December 22, 2010, the date of enactment of the Regulated Investment Company Modernization Act of 2010 ("pre-RIC Mod losses"), may be carried forward for a maximum of eight years and applied against future capital gains. The Fund has the following pre-RIC Mod losses which expire on the following dates except that the carryforwards may be subject to annual limitations (000):

<u>Expires 10/31/18</u>	<u>Expires 10/31/19</u>	<u>Total</u>
\$2,028	\$2,220	\$4,248

Under the Regulated Investment Company Modernization Act of 2010, the Fund is permitted to carry forward capital losses incurred in taxable years beginning after December 22, 2010 for an unlimited period. However, any losses incurred during those future taxable years will be required to be utilized prior to the losses incurred in pre-enactment taxable years. As a result of this ordering rule, pre-enactment capital loss carryforwards may be more likely to expire unused.

During the year ended October 31, 2017, \$4,388 (000) of capital loss carryforwards were utilized to offset capital

gains. As of October 31, 2017, \$4,459 (000) of capital loss carryforwards has expired.

The total cost of securities for Federal income tax purposes and the aggregate gross unrealized appreciation and depreciation on investments held by the Fund at October 31, 2017, were as follows (000):

<u>Federal Tax Cost</u>	<u>Aggregated Gross Unrealized Appreciation</u>	<u>Aggregated Gross Unrealized Depreciation</u>	<u>Net Unrealized Appreciation</u>
\$ 91,994	\$ 29,460	\$ (4,636)	\$ 24,824

8. Other:

At October 31, 2017, 93% of total shares outstanding for the Investor Class Shares were held by two record shareholders owning 10% or greater of the aggregate total shares outstanding. At October 31, 2017, 84% of total shares outstanding for the Institutional Class Shares were held by one record shareholder owning 10% or greater of the aggregate total shares outstanding. These were comprised of omnibus accounts.

In the normal course of business, the Fund enters into contracts that provide general indemnifications. The Fund's maximum exposure under these arrangements is dependent on future claims that may be made against the Fund and, therefore, cannot be estimated; however, based on experience, the risk of loss from such claims is considered remote.

9. Regulatory Matters:

In October 2016, the U.S. Securities and Exchange Commission adopted new rules and amended existing rules (together, final rules) intended to modernize the reporting and disclosure of information by registered investment companies. In part, the final rules amended Regulation S-X and require standardized, enhanced disclosures about derivatives in investment company financial statements, as well as other amendments. As of August 1, 2017, management has implemented the amendments to Regulation S-X, which did not have a material impact on the Fund's financial statements and related disclosures or impact the Fund's net assets or results of operations.

10. Subsequent Events:

The Fund has evaluated the need for additional disclosures and/or adjustments resulting from subsequent events through the date the financial statements were issued. Based on this evaluation, no additional disclosures or adjustments were required to the financial statements.

Report of Independent Registered Public Accounting Firm

To the Board of Trustees of The Advisors' Inner Circle Fund and Shareholders of LSV Conservative Value Equity Fund

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of LSV Conservative Value Equity Fund (one of the series constituting The Advisors' Inner Circle Fund (the "Trust")) as of October 31, 2017, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the years or periods indicated therein. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of October 31, 2017, by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of LSV Conservative Value Equity Fund (one of the series constituting The Advisors' Inner Circle Fund) at October 31, 2017, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and its financial highlights for each of the years or periods indicated therein, in conformity with U.S. generally accepted accounting principles.

Disclosure of Fund Expenses (Unaudited)

All mutual funds have operating expenses. As a shareholder of a mutual fund, your investment is affected by these ongoing costs, which include (among others) costs for portfolio management, administrative services, and shareholder reports like this one. It is important for you to understand the impact of these costs on your investment returns.

Operating expenses such as these are deducted from the mutual fund's gross income and directly reduce your final investment return. These expenses are expressed as a percentage of the mutual fund's average net assets; this percentage is known as the mutual fund's expense ratio.

The following examples use the expense ratio and are intended to help you understand the ongoing costs (in dollars) of investing in your Fund and to compare these costs with those of other mutual funds. The examples are based on an investment of \$1,000 made at the beginning of the period and held for the entire period from May 1, 2017 to October 31, 2017.

The table below illustrates your Fund's costs in two ways:

- **Actual fund return.** This section helps you to estimate the actual expenses after fee waivers that your Fund incurred over the period. The "Expenses Paid During Period" column shows the actual dollar expense incurred by a \$1,000 investment in the Fund, and the "Ending Account Value" number is derived from deducting that expense from the Fund's gross investment return.

You can use this information, together with the actual amount you invested in the Fund, to estimate the expenses you paid over that period. Simply divide your account value by \$1,000 to arrive at a ratio (for example, an \$8,600 account value divided by \$1,000 = \$8.6), then multiply that ratio by the number shown for your Fund under "Expenses Paid During Period."

- **Hypothetical 5% return.** This section helps you compare your Fund's costs with those of other mutual funds. It assumes that the Fund had an annual 5% return before expenses during the period, but that the expense ratio (Column 3) is unchanged. This example is useful in making comparisons because the Securities and Exchange Commission requires all mutual funds to make this 5% calculation. You can assess your Fund's comparative cost by comparing the hypothetical result for your Fund in the "Expense Paid During Period" column with those that appear in the same charts in the shareholder reports for other mutual funds.

NOTE: Because the hypothetical return is set at 5% for comparison purposes — NOT your Fund's actual return — the account values shown do not apply to your specific investment.

	Beginning Account Value 05/01/17	Ending Account Value 10/31/17	Annualized Expense Ratios	Expenses Paid During Period*
<i>LSV Conservative Value Equity Fund</i>				
Actual Fund Return				
Institutional Class Shares	\$1,000.00	\$1,072.60	0.35%	\$1.83
Investor Class Shares	1,000.00	1,071.30	0.60	3.13
Hypothetical 5% Return				
Institutional Class Shares	\$1,000.00	\$1,023.44	0.35%	\$1.79
Investor Class Shares	1,000.00	1,022.18	0.60	3.06

* Expenses are equal to the Fund's annualized expense ratio multiplied by the average account value over the period, multiplied by 184/365 (to reflect the one-half year period).

Trustees And Officers Of The Advisors' Inner Circle Fund (Unaudited)

Set forth below are the names, ages, position with the Trust, term of office, length of time served and the principal occupations for the last five years of each of the persons currently serving as Trustees and Officers of the Trust. Trustees who are deemed not to be “interested persons” of the Trust are referred to as “Independent Board Members.” Messrs. Neshier and Doran are Trustees who may be deemed to be “interested” persons of the Fund as that term is defined in the 1940 Act by virtue of their affiliation with the Trust’s Distributor. The Trust’s Statement of Additional Information (“SAI”) includes additional information about the Trustees and Officers. The SAI may be obtained without charge by calling 1-877-342-5445. The following chart lists Trustees and Officers as of October 31, 2017.

Name and Year of Birth	Position with Trust and Length of Time Served¹	Principal Occupation in the Past Five Years	Other Directorships Held in the Past Five Years²
INTERESTED BOARD MEMBERS^{3,4}			
Robert A. Neshier (Born: 1946)	Chairman of the Board of Trustees (Since 1991)	SEI employee 1974 to present; currently performs various services on behalf of SEI Investments for which Mr. Neshier is compensated.	Current Directorships: Trustee of The Advisors' Inner Circle Fund II, Bishop Street Funds, The KP Funds, SEI Daily Income Trust, SEI Institutional International Trust, SEI Institutional Investments Trust, SEI Institutional Managed Trust, SEI Asset Allocation Trust, SEI Tax Exempt Trust, Adviser Managed Trust, New Covenant Funds, SEI Insurance Products Trust and SEI Catholic Values Trust. Director of SEI Structured Credit Fund, LP, SEI Global Master Fund plc, SEI Global Assets Fund plc, SEI Global Investments Fund plc, SEI Investments—Global Funds Services, Limited, SEI Investments Global, Limited, SEI Investments (Europe) Ltd., SEI Investments—Unit Trust Management (UK) Limited, SEI Multi-Strategy Funds PLC and SEI Global Nominee Ltd. Former Directorships: Director of SEI Opportunity Fund, L.P. to 2010. Director of SEI Alpha Strategy Portfolios, LP to 2013. Trustee of SEI Liquid Asset Trust to 2016.

- 1 Each Trustee shall hold office during the lifetime of this Trust until the election and qualification of his or her successor, or until he or she sooner dies, resigns, or is removed in accordance with the Trust’s Declaration of Trust
- 2 Directorships of Companies required to report to the Securities and Exchange Commission under the Securities Exchange act of 1934 (i.e., “public companies”) or other investment companies under the 1940 act.
- 3 Denotes Trustees who may be deemed to be “interested” persons of the Fund as that term is defined in the 1940 Act by virtue of their affiliation with the Distributor and/or its affiliates.
- 4 Trustees oversee 53 funds in The Advisors’ Inner Circle Fund.

**NOTICE TO SHAREHOLDERS
OF
LSV CONSERVATIVE VALUE EQUITY FUND
(Unaudited)**

For shareholders that do not have an October 31, 2017 tax year end, this notice is for informational purposes only. For shareholders with an October 31, 2017 tax year end, please consult your tax advisor as to the pertinence of this notice. For the fiscal year ended October 31, 2017, the Fund is designating the following items with regard to distributions paid during the year.

Long-Term Capital Gain Distribution	Ordinary Income Distributions	Total Distributions	Qualifying For Corporate Dividends Receivable Deduction ⁽¹⁾	Qualifying Dividend Income ⁽²⁾	U.S. Government Interest ⁽³⁾	Interest Related Dividends⁽⁴⁾	Short-Term Capital Gain Dividends ⁽⁵⁾
0%	100%	100%	100%	100%	0.00%	0.00%	0.00%

- (1) Qualifying dividends represent dividends which qualify for the corporate dividends received deduction and is reflected as a percentage of ordinary income distributions (the total of short-term capital gain and net investment income distributions).
- (2) The percentage in this column represents the amount of "Qualifying Dividend Income" as created by the Jobs and Growth Tax Relief Reconciliation Act of 2003 and is reflected as a percentage of ordinary income distributions (the total of short-term capital gain and net investment income distributions). It is the intention of the aforementioned Fund to designate the maximum amount permitted by the law.
- (3) "U.S. Government Interest" represents the amount of interest that was derived from direct U.S. Government obligations and distributed during the fiscal year. This amount is reflected as a percentage of ordinary income distributions. Generally, interest from direct U.S. Government obligations is exempt from state income tax. However, for shareholders of the Advisors' Inner Circle Fund-LSV Conservative Value Equity Fund who are residents of California, Connecticut and New York, the statutory threshold requirements were not satisfied to permit exemption of these amounts from state income.
- (4) The percentage in this column represents the amount of "Interest Related Dividend" is reflected as a percentage of ordinary income distribution. Interest related dividends is exempted from U.S. withholding tax when paid to foreign investors.
- (5) The percentage in this column represents the amount of "Short-Term Capital Gain Dividends" is reflected as a percentage of short-term capital gain distribution that is exempted from U.S. withholding tax when paid to foreign investors.

The information reported herein may differ from the information and distributions taxable to the shareholders for the calendar year ending December 31, 2017. Complete information will be computed and reported in conjunction with your 2017 Form 1099-DIV.
